### **ZEBRA CROSSING AT MIDTOWN CAR PARK**

Commenting on the GSD's press release on accessibility, the Minister for Infrastructure, the Hon Paul Balban MP said: "The GSD statement on the zebra crossing ramp by the Midtown carpark is as petty as it is incorrect. The ramp had been ordered long before Mr Llamas raised the issue in Parliament. Luckily, Gibraltar now has a government that leads by example in this field. What is extraordinary, however is how quick Mr Llamas was to pat himself on the back for this false achievement of his. That alone says a lot about him as a politician."
