No. 91/2017

Date: 16th February 2017

Launch of Bus Tracker App for Route 8

As part of its Sustainable Traffic, Transport and Parking Plan, Her Majesty's Government of Gibraltar is delighted to now announce the launch of the Bus Tracker Web App for Route 8. This route services the Eastern side which has recently become more popular with tenants of the new Beach View Terrace Estate.

The Bus Tracker Web App Service will see completion with the roll out of Apps for the Night Bus and Route 7 once they are developed and fully tested by the Information Technology & Logistics Department.

The Government reminds all bus users that the Night Bus is still operational on Friday and Saturday nights from 2100 to 0200.

The Minister for Infrastructure and Planning, the Hon Paul Balban, said, "I cannot thank the IT & LD enough for their hard work and those at the Bus Company who make sure the service is overseen and works seven days a week. The Bus Tracker is a vital tool to put the bus service right into the hands of the user and has been very well received by members of the public."
