

PRESS RELEASE

No: 589/2018

Date: 28th September 2018

Ecopark Temporary Relocation

Following a recent minor of rocks fall in the immediate vicinity of the EcoPark on Flint Road, the EcoPark has been temporarily closed while the likelihood of further rock falls is assessed. For this period, the EcoPark has been re-located to the old incinerator site on Europa Advance Road.

The public and the businesses should note that, until further notice, the following steps should be taken when disposing of recyclate and bulky items.

Commercial entities should dispose of any recyclable material and/or bulky items at the old incinerator site and adhere to the directions from staff on site. The site temporarily allocated to the Ecopark is further along from the Civic Amenities site. Its opening times are Monday-Sunday 0530-2300hrs.

Households can continue to dispose of their recyclate and bulky household items as normal at the Civic Amenities site. Their opening hours are Monday-Friday 0800-2000hrs Saturday and Sunday 0900-1700hrs.

The EcoPark's temporary arrangements will continue until further notice.
