

HM Government  
of Gibraltar

---

## PRESS RELEASE

No: 481/2019

Date: 25th June 2019

---

### **Further Update on Fire in Campo Area**

We continue to monitor the plume but there is no reason to believe that it is toxic.

The wind continues to blow the plume away from Gibraltar and, as it disperses over the Bay, we do not expect the Rock to be affected.
