Gibraltar Finance supports STEP event in Bristol

Gibraltar Finance is attending with the private sector and sponsoring the STEP 2016 Bristol Conference to be held on 14th October 2016.

The one day conference will bring to a close the UK regional tour of conferences organised by the Society of Trust and Estate Practitioners (STEP). The content will be delivered by excellent speakers and will cover a variety of relevant areas including that of international structuring for wealthy individuals. This is an area that Gibraltar Finance has worked hard on these past 2 years to bring our product range up to date and relevant for today's professionals to work with.

Albert Isola, Minister for Financial Services commented, "We continue to deliver new business by consistently meeting with professionals that advise international clients. We have raised our profile with STEP and with UK practitioners largely as a result of the range of comprehensive private client legislation that has been delivered over recent years. We continue to deliver our message that Gibraltar is very much open for business with the UK being a key area for further development. The support of members of STEP Gibraltar is very much appreciated and adds to the impact of our endeavours."

Paul Astengo will be travelling to Bristol on 10th October 2016 and will remain there for the week attending meetings with relevant contacts and would welcome the opportunity to support other private sector initiatives during this time.
