### **Plater Youth Club**

At the weekend, a group of nine youngsters from the Plater Youth Club took part in an overnight camping adventure with Earth Strength, which took place in Facinas, Spain.

The youngsters were able to experience the great outdoors as they participated in nature trails, tracking and laying trails, they learnt about plants within the area and the benefits these had to offer.

Due to the high winds experienced at the weekend, the group was faced with a challenge whilst sleeping in camping tents. Nevertheless, the youngsters commented that this had added to the overall experience of the weekend and helped them to further appreciate their creature comforts.

The weekend was a great success with both individual and group learning, everyone came away with a real sense of achievement.
