

PRESS RELEASE

No: 688/2017

Date: 22nd November 2017

Improvements to the Night Bus Service

In an effort to improve the night bus service provided on Fridays and Saturdays by the Gibraltar Bus Company and following the underlying principles of the Sustainable Traffic, Transport and Parking Plan of ensuring the use of sustainable modes of transport, HMGoG is pleased to announce that an additional bus will be introduced to the N8 route.

This new arrangement will take effect as from Friday 24th November 2017. As a result, buses will run every 20 minutes instead of every 30 minutes, thus providing a much improved and efficient service. This service enhancement will be kept under review to assess use.

The night bus runs from 9.00pm to 2.00am every Friday and Saturday night.
