of Gibraltar

PRESS RELEASE

No: 797/2020

Date: 12th November 2020

Gibraltar continues to work solidly for an agreement

The Chief Minister Fabian Picardo has welcomed the conversation today between the Foreign Secretary Dominic Raab and his Spanish counterpart Arancha Gonzalez Laya.

This follows a long discussion between the Chief Minister and the Foreign Secretary earlier this week and reflects the commitment of Gibraltar, with the support of the United Kingdom, to secure an agreement between the parties for the future relationship of Gibraltar with the European Union and with our nearest EU neighbour, Spain.

The Government continues to work solidly to arrive at such an agreement within our well known red lines.
