Heritage, Education and Culture

PRESS RELEASE

Date: 16th November 2020

The Creatives Exhibition with LEGO Bricks

The Minister for Environment, Sustainability, Climate Change, Heritage and Culture, the Hon Prof. John Cortes MP officially opened The Creatives Exhibition with LEGO Bricks on Monday 16th November at the John Mackintosh Hall.

During April GCS launched a lockdown Challenge asking for expressions of interest from individuals or organizations who might wish to exhibit their creations made out of LEGO bricks.

Considerable interest was shown from a number of potential exhibitors who had been very busy constructing various concepts throughout the lockdown period.

This exhibition will now give the participants an opportunity to show off their creations at the John Mackintosh Hall, The Exhibition is now open to the public until Friday 4th December 2020 between 9am and 7pm, Monday to Friday. Entrance is free.

Minister for Culture, the Hon John Cortes said, "Lockdown was a difficult time for many. And many were particularly creative during that time. One of the ways that young and old alike passed time and expressed themselves was by the use of LEGO bricks. As a keen fan myself, ever since I was a child, I am particularly pleased that GCS is staging what I know will be a fascinating exhibition".
